during the past decade there has been a series of radical changes to the educational system of england and wales this book argues that any serious study of these changes has to engage with complex questions about the role of education in a modern liberal democracy were these educational changes informed by the needs and aspirations of a democratic society to what extent will they promote democratic values and ideals these questions can only be adequately addressed by making explicit the political ideas and the underlying philosophical principles that have together shaped the english educational system to this end the book provides a selective history of english education which exposes the connections between decisive periods of educational change and the intellectual and political climate in which it occurred it also connects the educational policies of the 1980s and 90s to the political ideas of the new right in order to show how they are part of a broader political strategy aimed at reversing the democratic advances achieved through the intellectual and political struggles of the nineteenth and twentieth centuries the book proposes that a democratic educational vision can only effectively be advanced by renewing the struggle for democracy the historical struggle to create forms of education which will empower all citizens to participate in an open

pluralistic and democratic society

revolutionaries counter revolutionaries and reformers the world over appeal to democracy to justify their actions but when political factions compete over the right to act in the people s name who is to decide although the problem is as old as the great revolutions of the seventeenth and eighteenth centuries events from the arab spring to secession referendums suggest that today it is hardly any closer to being solved this book defends a new theory of democratic legitimacy and change that provides an answer christopher meckstroth shows why familiar views that identify democracy with timeless principles or institutions fall into paradox when asked to make sense of democratic founding and change solving the problem he argues requires shifting focus to the historical conditions under which citizens work out what it will mean to govern themselves in a democratic way the only way of sorting out disputes without faith in progress is to show in socratic fashion that some parties claims to speak for the people cannot hold up even on their own terms meckstroth builds his argument on provocative and closely argued interpretations of plato kant and hegel suggesting that familiar views of them as foundationalist metaphysicians misunderstand their debt to a method of radical doubt pioneered by socrates recovering this tradition of antifoundational argument requires rethinking the place of german idealism in the history of political thought and opens new directions for contemporary democratic theory the historical and socratic theory of democracy the book defends makes possible an entirely new way of approaching struggles over contested notions of progress popular sovereignty political judgment and democratic change

the complete history of democracy

democracy in africa by harry goulbourne

updated in a new 10th edition the struggle for democracy challenges students to think critically about american government and to evaluate the quality of democracy in america within a unique framework that offers a holistic view of our system its critical thinking approach to politics features and narrative are designed to teach students to look closely and question logically about the american political process

this book examines how the democratic form and the struggle for democracy reflects influences and shapes the struggle for social emancipation in the context of increased exploitation rising inequality and intensified struggle for social justice in the aftermath of the economic crisis the channelling of populism through liberal democratic institutions has had contradictory effects giving rise to both corbyn and brexit sanders and trump syriza and the golden dawn to name but a few how can we make sense of these developments in response this book approaches the idea of democracy from a socialist constitutionalist standpoint and explores institutional forms and principles that challenge and aim at the transformation of the extant social order this process involves the challenging of well established ideas of the liberal viewpoint as well as an unwavering focus on the issue of class rule which enables the highlighting of limitations of not only mainstream but also heterodox contemporary approaches to constitutionalism and democracy ultimately democracy is conceived as a process of struggle for creating the conditions material as well as intellectual for its actualisation this significant work of legal and political theory will be of considerable interest to those working in these areas to make sense of contemporary developments and to further the causes of social justice and social emancipation

this is the ebook of the printed book and may not include any media website access codes or print supplements that may come packaged with the bound book for courses in american government examine how american democracy is developing the struggle for democracy offers students the tools they need to critically analyze our political system and make judgments about how well our government works taking a fresh approach to common american government topics authors edward greenberg and benjamin page provide an analytical framework for understanding how politics and government work and encourage students to consider the questions how democratic are we and can government do anything well in order to boost student engagement with key concepts the 2016 elections and updates edition incorporates coverage of contemporary issues that dominate today s headlines as well as the most up to date data

the struggle for democracy brief version presents a powerful yet simple analytical framework for understanding how the american political system works in a concise paperback format the book carefully defines democracy and then asks the reader to think critically about the quality of democracy in the united states in addition to the struggle for democracy theme that is woven throughout the book this new edition features thematic emphasis on globalization and what it means

despite black gains in modern america racism s end is not yet in sight singh asks what happened to the worldly and radical visions of equality that animated black intellectual activists from w e b du bois in the 1930s to martin luther king jr in the 1960s in so doing he constructs an alternative history of civil rights in the 20th century
